MOUNT USU ERUPTS AND ENGULFS BUILDINGS IN ITS VAST OVERFLOW

ISLAND OF YEZO BADLY SHAKEN BY QUAKE

Floor of Usu Bay, One of Best
World's Harbors, Forced
Up by Eruption

**HARBOR IS NOW SHALLOW
BIGHT 4 FATHOMS DEEP**

Eight Thousand People Flee
From Overflow of Burning
Mud and Boiling Water

TOKIO, July 26.—The island of Yezo, in the most northerly group, was shaken today by continuous earthquakes and by a terrific eruption of Mount Usu, a volcano near the southern coast. Eight thousand persons are fleeing inland to escape the showers of boiling water and hot mud pouring from the volcano's vitals. Usu Bay, one among the largest and best harbors in the world (is now a shallow bight. The upheaval of the bottom has left the water only four fathoms deep.

Although several cables connect Yezo with Hondo Island where Tokio is located, all communication has been disrupted and it is feared the cables have parted as a result of submarine disturbance.

Few details as to the loss of life have been obtainable. It is feared many persons living on the mountain sides have perished. Warships have been dispatched to the island.

The eruption of Usu was preceded by a series of earthquakes last Friday. Saturday Usu vomited smoke and flame. Interior explosions ripped great chasms and fissures in the mountainside, but on Sunday rivers of burning mud welled over the crater and swept toward the valleys and wooden houses in the mountain villages were engulfed. When the eruption began all vessels in Usu Bay moved to a supposedly safe distance, but when the crater's head blew off, the bay's floor rose, forcing the waters a great distance inland, carrying the vessels on its crest and stranding them on high ground.

**LATER REPORTS INDICATE
COLLAPSING OF MOUNTAIN**

TOKIO, July 26.—Later dispatches indicate that the mountain is collapsing on all sides. The belief is expressed that the mountain will be leveled. It is estimated that Yezo has felt one hundred and eighty-four shocks since the disturbance began.

Although every effort has been made to re-establish communication it is impossible to hear from Hakodate, the biggest city in the island, with a population of about ninety thousand. It is feared the city has suffered from quakes. The government is preparing to rush supplies on transports to Yezo ports.

Awaiting an official report of the situation from the officers of the battleships now proceeding to Yezo under forced draft, orders have been sent to the prefectures of Yezo commanding all supplies, to give food and shelter to the refugees. Military officials have been instructed to assume control of the situation and add all civil authorities. The war office here, however, is uncertain whether the orders will reach their destination.

Lives Lost and Boats Wrecked In great Storms

MILAN, Italy, July 26.—Scores of fishing boats and a number of pleasure craft were wrecked in a fierce storm that is sweeping Lake Como today. It is feared many people have been drowned. Telegraphic communication has been disturbed, and it is difficult to obtain details.

Today's storm is the second disastrous one to visit this section within a week. The property damage of both may reach many hundred of thousands of dollars, while it is impossible as yet to estimate the casualties.

Reports here today tell of a terrific storm near Budapest, Hungary, thirty people losing their lives.

WEATHER FORECAST
Fair tonight and Wednesday. Light west wind.

ROCKLAND IS TO GREET PRESIDENT

Taft First American Ruler to
Visit the City—All Will
Welcome Him

ROCKLAND, Maine, July 26.—Rockland is festively decorated today in honor of the first American president who ever visited the city. President Taft landed from the Mayflower at 11 o'clock and was met by a reception committee including practically the town's entire population. He was driven in an auto about the town and surrounding country. He will spend tomorrow at Biddeford Pool, the home of Mrs. P. R. Moore, Mrs. Taft's sister.

NEGRO'S PASADENA HOME MYSTERIOUSLY BURNED

PASADENA, July 26.—The residents of the village of Linda Vista, just across the Arroyo Seco to the northwest, were aroused yesterday over the mysterious burning of the house and barn of a colored man named Albert Hutson early yesterday morning. The Hutsons are the only negroes living in Linda Vista and it is said there has been much bitter feeling on the part of some white people ever since the family moved into the little mountain town a few months ago. Many threats are declared to have been made against the negroes.

AMATEUR AVIATOR TO FLY AT DOMINGUEZ

LONG BEACH, July 26.—C. H. Day, who is building a biplane flying machine in this city, received word yesterday that permission had been granted him to make his trial flights in the field at Dominguez, where the machine will be ready within a week. The biplane has been built in the old tabernacle in this city. Day expects to make his first flight within two weeks.

DANGEROUS FILIPINO BANDIT IS CAPTURED

MANILA, July 26.—Pope Felipe Salvador, the last of the dangerous bandits in Luzon, has been captured by the constabulary in a swamp at Arayat. This famous bandit has evaded the authorities for a decade. He was the head of the fanatical religious and insurrectionary band known as the Iglesia, worshippers of St. Iglesia, and at one time controlled 50,000 men in various provinces.

LONG BEACH RAISES WAGES OF LABORERS

LONG BEACH, July 26.—In order to keep pace with the rate at which living expenses have been advancing, the Council last night voted to raise the wages of the \$2 a day street laborers to \$2.25, and those who are now receiving \$2.25 to \$2.50.

SIX PERISH IN FLAMES

Two Fires in Belfast Were Fatal—Two Others Fatally
Burned by Fires

BELFAST, Ireland, July 26.—Six persons, including the daughter of Sir Valentine Blake, were burned to death in two fires here early today, and two others were fatally burned.

Miss Blake lost her life in a fire which destroyed her father's Menlough castle. Two servants perished in attempting to save the girl.

Rev. William McCaughan and wife, formerly of Chicago and Toronto, were fearfully burned when the second fire destroyed the Kelvin hotel. Two other guests and an unidentified employe also perished. Scores of guests escaped only in their night clothes.

ADMIRAL LOCKER DEAD

WASHINGTON, July 26.—Rear Admiral Thomas H. Locker, a veteran of the Mexican and Civil wars, and for many years paymaster general of the navy, is dead at his home here, aged 80.

MORE THAN MILLION IN A YEAR
WASHINGTON, July 26.—During the fiscal year ended June 30, 1,041,570 immigrants were admitted into the country, being 289,784 less than during the preceding year.

WITNESSES ON IN VAN LIEW'S DEFENSE

Normal Head Will Probably
Take Stand Tomorrow Even
If He Does Not Wish to

CHICO, July 26.—Witnesses for the "defense" of the character of C. C. Van Liew, president of the Chico State Normal School, accused of immorality, the result of charges made by Ada Clark, a student, testified during the morning session of Van Liew's examination before the Normal board. It is expected Van Liew will take the stand in his own defense today or tomorrow. Attorney General Webb declared that if not summoned by his own attorney, he will compel the Normal president to take the stand.

Otto R. Ranker, an oil dealer, testified that he had observed Van Liew in the business section of Chico apparently the worse for liquor.

"I judged him so because his gait was unsteady," Ranker said. Among the witnesses for the defense was J. R. Adler, the proprietor of the cafe where Elmer Ranker several days ago testified he saw Van Liew drink ten or twelve glasses of beer in an hour. Adler's testimony was evidently introduced as a foil to Ranker's. He said Ranker's reputation was "very bad."

Mrs. W. C. Hendricks, widow of the late Secretary of State of California, and Mrs. Mary P. Hendricks, her daughter-in-law, testified that Van Liew bore a good reputation. The accused educator's attorneys then lined up nearly a score of business men and women and twelve girls, formerly Normal school students, all of whom testified that Van Liew had always been a "perfect gentleman."

BIG BRITISH FREIGHTER REACHES SAN PEDRO

REDONDO BEACH, July 26.—Another big British freighter, the Harpeke, 7700 tons, Capt. Daniels, arrived yesterday morning, bringing a cargo of 400 tons of sulphur from Hakodate, Japan, for eastern shipment, and 60,000 oak ties loaded at Muroran, Japan, for the Santa Fe railroad. The trip was made nearly the entire way in a dense fog, which caused a slow passage. Further delay was caused by a return to the Japanese coast, after a short time out, with Japanese stowaways. The Harpeke is chartered for another trip to this port from Japan.

SANTA MONICA WANTS OWENS RIVER WATER

SANTA MONICA, July 26.—This city took the first step toward securing Owens River water, when the Council empowered the City Attorney to file an application with the city of Los Angeles for 400,000,000 gallons per year for Santa Monica consumers. The method of procedure is as yet a question for determination, but the Council wishes to get in on the ground and obtain a water supply if possible.

INSURGENTS PUSHING INTO LINES OF "STAND- PATTERS" AND REGULARS

Ohio Convention May Be Captured By
Garfield—Pinchot Says All West
Is Insurgent—Nebraska Weak

COLUMBUS, Ohio, July 26.—Unless the delegates to the "regular" Republican state convention show wonderful activity, it is predicted the convention today will be stampeded for ex-Secretary James R. Garfield for the gubernatorial nomination. The regular delegations are reported as wavering in loyalty to their candidates, while factions of the regulars are apparently unable to unite.

The first fight will assuredly be over the platform. The regulars are planning today to "doctor" Garfield's platform so he will refuse to run. It was reported this afternoon that Senator Burton, the regular leader, had agreed to support Garfield after the second ballot.

Garfield's platform as it stands at present, advocates checking "political activities by special interests, a public utilities commission, a general corporation commission, and the enforcement of penalties for the misuse of corporation funds," and a plank endorsing Taft, which says:

"We reaffirm adherence to the policies announced at the last Republican national platform, and we express our belief in the patriotism and sincerity of President Taft in his efforts to fulfill the party platform pledges. We endorse his actions in obtaining much that was promised, and pledge

local support to his efforts to continue these policies." Other sections then urge publicity of election expenditures, severe penalties for corrupt practices, approved primary laws, a short ballot, a commission form of government and the recall.

All the West Is Insurgent

DENVER, July 26.—"California and the entire West appear to be insurgent," declared Gifford Pinchot today after a week's campaigning in California. "I believe this state will take a stand for 'progressive' ideas in the coming election," he said.

Pinchot was the guest of local insurgents. He arranged the details of Roosevelt's proposed visit to Denver.

Nebraska Is Wobbly

LINCOLN, July 26.—The insurgents lost in the preliminary struggle of the State Republican convention when Representative Norris was defeated for the permanent chairmanship.

The insurgents will now be compelled to carry the platform fight to the floor of the convention because the "stand pat" chairman will name a "stand pat" platform plank merely pledging the Republican nominee, if elected, to sign a local option bill if passed by the legislature.

**SPAIN MASSES
HER TROOPS**

Sends 12,000 to Strategic
Points—Revolution May
be Bloody

TEULOUSE (Via Figueras), July 26.—Anticipating the outbreak of a bloody revolution, ten thousand troops and two thousand gendarmes, have been taken to strategic positions at Barcelona, according to dispatches brought from Spain by courier, thence transmitted across France today. Throughout the loyal sections of Spain, troop trains with steam up, are held in readiness to speed with the soldiers to the points of trouble. Heavy guards were placed without the University of Barcelona today. The twenty-five hundred students there are believed by the government agents to be the most fearless revolutionary agitators.

No confirmation has been obtained of the report that the government operatives are arresting Liberals and imprisoning them, although it is known that hundreds are under constant surveillance. The news censorship is more strict than ever before. Business is at a standstill. The people are denied the privilege of assembling in the streets in groups of more than four. True agitators have covered the walls during the night

BEAN CROP WILL BE BIG ONE AND PRICES ARE WELL UP NOW

This is going to be a bean growers year. The crop all over the county is looking well and the price is already well up and some contracts being made.

The ranchers who are farming the 17,000 acres of the San Joaquin ranch devoted to growing lima and black-eye beans are well pleased with the condition of their crops. It was feared that the warm spell of last week would interfere with the filling out of the pods of some of the beans, there already being enough filled to make a good crop. However, the report now is that the beans passed through the spell in excellent shape and the crop is going to be about the best ever.

A view of the vast bean fields of the San Joaquin furnishes one of the finest sights in Southern California. The plain is a wonderful carpet of green. With the prices that beans will bring, the color of green is well mixed with that of gold. At least the farmer can see where he is going to get a goodly share of long green and gold out of the product.

Buyers have been offering \$4 per hundred-weight, which is fifty cents higher than the price the season started off with last year.

BOY GOT TWO WITH SHOTGUN

Ben Justice Left to Guard the
Camp Killed Two Bucks,
Other Hunters Failed

The best deer story of the season comes down from the hills back of Rincon. Ben Justice, aged 17, of Bolsa, got two bucks with a pump-gun, shooting No. 6 shot.

Young Justice went out with his father and older brother. The two older members left Ben to watch camp, while they went out seeking what they could kill. Ben was not delighted with watching camp, and after a time he took his shotgun and went out on his own hook to get doves.

The boy declares he can "smell 'em." Last year he says he got on to a deer by the sense of smell.

As he was walking along about a mile from camp, he declares he got the odor of deer. He approached a thicket, and a two-pointer jumped out. The boy killed him. Instantly a spike followed, and he, too, went down.

That evening the father and son who were out with rifles returned tired and disgusted, not even having seen a deer.

"You can go out with me and help bring in a couple I have killed," remarked the lad.

BIG SHIPMENTS OF CALIFORNIA FRUIT

Vegetable Shipments Increase
—28,000 Cars of Products
Go to Eastern Cities

SAN FRANCISCO, July 26.—Traffic figures issued by the Southern Pacific railroad show a prosperous condition in the state. The figures have to do with the large shipments from California to the east of green and citrus fruits, cantaloupes, potatoes, vegetables and apples.

Since Nov. 1, 1909, up to last Saturday, 28,000 carloads of various products have gone to eastern cities. They represent to the growers an income of \$16,800,000. They also represent 616,000,000 pounds of freight.

From the Colorado desert country there have gone east this season 1900 cars of cantaloupes, as against 1500 last season. This is an increase of 400 cars, or 8,000,000 pounds, as each car contains 20,000 pounds. The income to the growers this year is said to be \$1,000,000.

Since November 1 last, 4700 cars of green or deciduous fruits have been sent east, as against 3400 for the same period of the year before. This is an increase of 1300 cars, or 31,200,000 pounds, as each car carried 24,000 pounds. The income of the shipments this season to the green fruit men is said to be \$2,400,000. This is the best green fruit season the growers have ever had. By the time it closes traffic officials will not be surprised if the shipments reach 14,000 cars, with a value of \$10,000,000.

Potato shippers up to last Saturday have sent out of the state 600 carloads while the apple men have shipped 700 cars. Shipments of vegetables continue to show an astonishing increase. So far this season, 3600 cars have been forwarded to points out of the state. Vegetable shipments are continually on the increase, and the time is not far distant, in the opinion of the railroad people, when they will amount to 10,000 cars annually.

Included in the 28,000 cars of California products sent east since last November are many shipments of oranges and lemons, together with other citrus fruits. The annual shipments of lemons, it is interesting to observe, now amount to 5000 cars. Recently the Interstate Commerce Commission reduced the overland rate on lemons from \$1.15 per 100 pounds to \$1. The railroads have decided not to contest this reduction by the Commission.

During the 1908-9 season there were produced in Southern California 31,000 cars of oranges, 2600 cars of which were shipped from north of Tehachapi, principally from San Joaquin valley.

About 14,000 refrigerator cars were employed by the railroads in handling these shipments of California products.

—Away on vacation until August 8. Dr. A. T. Vance of Orange will be in my office Tuesdays and Saturdays. Dr. Mabel Vance.

DID WITNESS GANS BET SKELLY HANG?

Attorney Clyde Bishop Went
After Him Hammer and
Tongs

HOFF'S REPORT LEFT IN RECORD

J. F. Patterson, Abraham Gans
and W. H. Bentley To-
day's Witnesses

The feature of today's trial in the Frank F. Skelly murder case, the defendant accused of burning his wife to death, was the rigid and almost ravenous cross-examination of Abraham Gans by Attorney Bishop. Rapid questions were fired at Gans, covering the entire ground of the direct examination. Gans' answers were as quickly given as were Bishop's questions, and the story told by Gans was not broken.

Bishop asked Gans if he had not made a wager with Frank Ward that Skelly would hang. Gans denied remembering the wager.

Gans declared it was five minutes between the time of the first scream and the time of the second scream. Gans said that the first scream was uttered in the house, and that he heard no more screams until after Mrs. Skelly was brought into the house, which accounts for the lapse of time.

"When you speak of time, you speak approximately?" asked the district attorney.

"Yes," replied Gans.

During the cross questioning of Gans, Skelly sat close behind his attorneys instead of a short distance behind them with his mother.

When Gans left the stand, Skelly moved his chair back beside his mother.

Morning Session

When court opened this morning, Judge West stated that there were two matters to be ruled upon: One, a motion to strike out the testimony of Stenographer Hoff, which testimony was the reading of the statements made by Skelly on the day of the coroner's inquest; second, an objection to receiving the testimony of Mrs. Shamrock as to the words spoken by Mrs. Skelly as she ran from the house to the point where she fell.

The defense said it had no authorities to cite on the second point. It insisted on having the Hoff testimony stricken out.

"I think the stenographer qualified in his answers to the questions as to his experience, but his reading of the minutes taken by him showed him incompetent."

The rulings on the questions were then postponed to 11 o'clock.

The judge ruled at that time that the objection to allowing Mrs. Shamrock to testify as to what Mrs. Skelly said as she ran should be sustained, which prevents the testimony being given.

The other question, as to striking out Hoff's testimony, was taken up. Attorney Williams stated the defense did not care much whether or not the evidence was thrown out, but he did not believe the evidence material. He said he did not believe Hoff could read the notes twice alike.

After argument by Attorney Fleming for the prosecution, the judge ruled that Hoff's testimony should stay in the record.

The defense stated it would later call Hoff for cross-examination for the purpose of pointing out many discrepancies between the transcript of Skelly's evidence as furnished by Hoff to the coroner and that read by Hoff to the court.

Patterson Testifies
J. F. Patterson, who was on the stand when court adjourned Friday afternoon, was first called today.

District Attorney Davis started out to get from him a description of the burned places on the closet walls with a view to introducing photographs taken on May 15, of the charred spots. The shelves were in the same condition on May 15 as on May 8. The witness repeated a statement made Friday that when he lighted

SUPERVISOR H. E. SMITH AND HIS WIFE INJURED IN RUNAWAY LAST EVENING

Supervisor H. E. Smith, cement contractor, and his wife were thrown from a runaway rig at the corner of First and French streets last night, shortly after 6 o'clock. The supervisor's right shoulder was dislocated, and slight fractures of bones at the shoulder occurred, and his face was bruised and one bone of his foot was dislocated. Mrs. Smith escaped with injuries far less serious. Her right knee was wrenched and the whole limb bruised. She struck on her face, but her hat had fallen over her face in such a manner that her face was not bruised.

About a year and a half ago Supervisor Smith was in a runaway in which the same mare that ran away last night caused disaster. At that time Smith and E. Swedfeger were returning from Newport Beach, when, on South Main street, the mare, a high-spirited animal, became frightened. Swedfeger's hip was broken. Smith escaped with bruises.

Yesterday evening the supervisor and his wife started for Newport Beach, where Smith has some important contracts on hand. They were driving south on French street and were about to cross Fourth. A

Pacific Electric car approached. Smith urged the horse to get by. The car was closer than he thought, and its nearness seemed to cause the mare to jump. One tug came unfastened, and the animal began to run. The other tug dropped, and the buggy was jerked along by the lines and hold-back straps. The shafts dropped and were held only by the hold-back straps. At First street, the horse turned sharply to the east, and the buggy overturned, freeing the horse. The man and woman were thrown to the ground. A physician was called by one of those who witnessed the accident, and in a short time the couple were taken to their home at 919 East Washington avenue.

The supervisor will be confined to his bed for several days, but it is probable that he will be able to be about very soon. Mrs. Smith was about the house this morning, though walking is a very painful procedure.

During the sitting of the board of equalization, Supervisor Smith has been coming up from Newport Beach in the mornings and returning in the evenings, thus being able to supervise his work at the beach while attending to his duties as a supervisor.

FINAL WEEK OF ASSEMBLY

Large Crowds Arrive at Huntington Beach Daily for Camp-Meeting

HUNTINGTIN BEACH, July 25.—Beach cars were crowded today with Methodists from various sections of the Southland who arrived here to attend the final week of the assembly of their church. So great was the influx that it was necessary to erect many new tents in the tent city to care for the crowds.

After a sunrise prayer meeting at 7 o'clock this morning the Rev. Mr. Clark of Gardena preached an able sermon on "Sin." At the afternoon services the Rev. Mr. McConnell delivered a sermon on the "New Birth."

The first annual institute and school of methods of the Epworth League and Sunday School of the Methodist church of Southern California will convene here from August 5 to August 15. The mornings will be given over to devotional exercises and the afternoons, such as fishing, boating and tennis.

Lectures will be a special feature of each evening, the speakers scheduled including Rev. D. T. Howe, L. D. Guild, Rev. H. E. Murkett, Dr. R. R. Orren, B. Waite, Rev. W. C. Geyer, George B. Smythe, D. D., Rev. O. C. Laizure and Joseph Marple. The present camp meeting will come to a close next Sunday.

—Away on vacation until August 8. Dr. A. T. Vance of Orange will be in my office Tuesdays and Saturdays. Dr. Mabel Vance.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily giving in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce, being desirous of having the search light of investigation turned fully upon his formulae, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that), yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

DRIED 'COTS JUMP TO 10

Gowen & Willard of Santa Ana Bought Two Carloads Yesterday at That Price

Yesterday afternoon dried apricots jumped to ten cents, the minimum price set by the Orange County Dried Fruit Association.

Earlier in the season the price was down below a couple of cents or more, but the growers held on. Gradually the trade went higher. Day before yesterday the price was nine and a half cents.

Yesterday Gowen & Willard of Santa Ana offered ten cents and before night had bought two carloads of dried apricots.

WANTED, A NAME

A Prize Contest—Twenty-five Dollars to be Awarded for the Best

Mr. E. L. Olmstead, president of the Home Investment Company of Anaheim, who has in charge the reorganization of that company, announces in the advertising columns of this paper an offer of a \$25 prize to the person, resident of Orange county, who suggests the best name for the reorganized company. The rules of the contest are very simple. The replies must be in the Anaheim office not later than August 10, 1910, and the announcement will be made of the name of the winner of the prize during the week following. In order to have an equal chance of winning in the contest it is necessary that the names submitted should be in some measure descriptive of the business the new company will transact, and the representatives of the company at any of its offices, in Anaheim, Fullerton, Santa Ana or Orange will be glad to furnish the public all the information desired, upon application. A letter sent to E. L. Olmstead, Box 93, Anaheim, Cal., is the best way in which to secure this information.

Under the rules no employee of the Home Investment Co., nor any immediate member of an employee's family, will be permitted to compete, thus preventing any unfair advantage being taken by those most familiar with the plans and workings of the company. The answers in the competition should be addressed to the Prize Contest Dept., Home Investment Co., Anaheim, Cal.

The fact that the first allotment of 30,000 shares has already been subscribed and a good portion of the second allotment of 10,000 shares, makes it certain that the plans of the company for completion of the

reorganization on Sept. 1 will be carried out.

The name for the reorganized company will be chosen from among the names submitted, by the men selected as directors of the new company, viz: E. L. Olmstead, A. S. Bradford, Frank Ey, H. H. Hale, D. F. Campbell, E. M. Nealley and J. E. Kellogg.

For the information of our readers we are glad to give the following information as to the objects and aims of the new company. Its purpose is three-fold, the buying and sub-division of real estate, the building of homes, the sale of these lots and homes to the people of the county who desire to make their monthly rental pay for a home. The principal upon which the company is founded is the co-operation of small investors to secure the earning power of large capital and to benefit the community by the building of modern and attractive homes. You have the same chance to secure this prize that anyone else has. Simply remember that the name must be descriptive and euphonious.

Help wanted at Taylor's Cannery, East Fourth street.

Pioneer ROOFING

Looks Better—Lasts Longer—Costs Less

If you want the maximum of roofing service at a minimum cost, be sure you specify "Pioneer Roofing." It's better from the beginning and cheaper in the end. Sunproof and rainproof. Needs no paint or repairs. Comes in convenient rolls, with everything necessary for laying.

HOTELS FOR HEALTH RESORTS OR PLEASURE

LOST—RHEUMATISM AND STOMACH TROUBLES. FOUND—HEALTH AND HAPPINESS AT MURRIETA HOT SPRINGS, MURRIETA, CAL. America's Finest Sulphur Mud Baths and Swimming Pool. Booklet at Information Bureau or by writing, Fritz Guenther, Prop. H. Guenther, Manager.

Now as Well as after while

"HOME BUILDERS" pays its stockholders a good profit now, and, that profit will be an immediate earning to the buyer of shares who becomes a stockholder of record before July 31.

On that date the tenth quarter will end and a 4 per cent dividend will be declared—there has never been a quarter since "HOME BUILDERS" started but that a generous dividend has been paid in cash to its stockholders.

Cash is the form in which you as a stockholder will get this dividend if you buy now.

"HOME BUILDERS" prospects are certainties, insofar as is possible to forecast such things.

In any event, every dollar of your investment in its shares goes into deeds and first mortgages of improved real estate—and that has the best assurance of permanency and safety any enterprise can give.

Part of the value of a good investment is in buying it at the right time :-

Now is certainly the most favorable time you will ever have to become a "HOME BUILDER" stockholder.

Not only this immediate dividend, but, the price of \$1.90 for its shares is to be raised within another month—you will thus get an "at once" earning in dividends and this enhancement in price of shares soon.

"HOME BUILDERS" only asks an opportunity of proving itself to you.

Santa Ana Branch 113 West Fourth Street.

MIDSUMMER CLEARANCE SALE

Lace Curtains

now 25 percent off

All our lace curtains selling regularly at \$4.00 and up are placed in this clearance sale at 25 per cent discount from former prices. This is a rare opportunity to fit up the house with new Arabian net curtains, for we have some new goods in very pretty and new designs. This discount makes \$4.00 at \$3.00, a \$6.00 pair at \$4.50 and so on up. No trouble to show you; come in and see them.

SPECIALS IN SILKS

\$1 Foulards at 75c

This is first class, seasonable material. Foulards have been very popular this year. Our stock is cut down but still shows a big variety of colorings and figures in the best shades of tans, browns, blues, greens, etc. We want to clean out the rest, and to do so we have made this regular \$1.00, 24-inch material at the CLEARANCE PRICE OF 75c

\$1 Changeable Shantung at 65c

Also our regular \$5c line at Special of 60c yard. This Shantung comes in pretty two-toned effects of blues and browns, greens and black, light blues, Nile greens, etc. It comes 24 inches wide, regular \$1 seller at CLEARANCE PRICE OF 65c

85c Ottoman at 60c

A stylish, soft, heavy ribbed silk, sometimes called Bengaline. We are showing the colorings of rose, light blue, tan, gray, brown, and myrtle. 24 inch. Regular 85c. CLEARANCE PRICE 60c

\$1 Pongee, 36-in. 80c

A fine, smooth, all silk Pongee from domestic looms, 36 inches wide at CLEARANCE PRICE OF 80c Also a regular 75c Domestic Pongee, 24 inch, at 60c.

75c Taffetas at 50c

This is a splendid, all silk taffeta, and as staple as sugar, but on account of the width, 19 inches, we have decided to close it out and put in a staple line of a wider silk. It comes in all the best shades of blues, reds, greens, browns and tans. For trimming of all kinds, and plain waists there is no better value for the money. To move it out, we have put it at the special CLEARANCE PRICE OF 50c

Parasols 30 per cent off

All our white and colored summer parasols are put on sale at the big reduction of 30 per cent off our regular prices. This includes all our linen, repp, pongee, and embroidery covered parasols. They come in white, colors and fancies. This is a rare opportunity. Do not miss it.

THE LAST WEEK! SALE CLOSES SATURDAY

Saturday Night sees the close of our Eighth Annual Mid-Summer Clearance Sale as an event. Many of these items will then be taken off the special sale list; others will be continued on special sale until the lines are closed out. We cannot announce now what these lines will be. If you are intending to purchase we advise you to buy now and be on the safe side.

MUSLIN UNDERWEAR

1.50 Gowns at \$1.05

Our regular \$1.50 and \$1.25 muslin gowns are put on for clearance. They are clean, well made, well finished garments. Some of them come high neck and long sleeves, with neat tucked and embroidery trimmed yokes, and others with dainty lace yokes. Some low necked, heading trimmed ones in the lot. These are certainly splendid values at the CLEARANCE PRICE OF 1.05

\$2.50 Gowns at \$1.65

The finer quality gowns in long-cloth and nainsook, some high neck and long sleeves and others low neck, daintily finished in embroidery or laces, values up to \$2.50 at SPECIAL 1.65

\$1.50 Petticoats at \$1.05

Here are some very pretty and well made white muslin petticoats, some with lace trimmed flounces, some embroidery trimmed, and some with tucked flounces. They are neatly finished, and made with good materials. These garments sold regularly at \$1.25 and \$1.50 but to make room for more lines, we are closing them out at the CLEARANCE PRICE OF 1.05

\$2.50 Petticoats at \$1.65

These are high grade petticoats in fine white cambric. They are better finished and more elaborately trimmed in laces or embroidery. Values up to \$2.50 at SPECIAL 1.65

Special Sale of W. B. Corsets

Broken lines of the well known W. B. corsets in the shorter lengths are on sale for closing out. They are made of batiste and coutile, and come in shorter lengths of low and high bust styles. CLEARANCE PRICES: \$1.00 styles at 75c; \$1.50 styles at \$1.15; \$2.00 styles at \$1.50 and \$3.00 styles at \$2.00.

Wash Skirts Now on Sale Two Lots, at 90c and \$1.50

We have placed on sale two lots of wash skirts in both white and colors. The white skirts are made up in the well known Indian Head, or Economy Linen, Repp, and Pique. They are simple skirts, cut on plain tailored lines, either perfectly plain or pleated. The colored skirts come in linen, covert, poplin, and cotton serge.

Values from \$1.25 to \$2, now 90c
Values up to \$3 now special \$1.50

Sale of Wash Waists Choice 90c Choice \$1.50

Here are some splendid values in white lawn waists. They come in pretty, long sleeved styles, made up in open front or open back. The materials are fine and the workmanship good. Many are taken from our regular stock of spring waists, others are older garments, but all are bargains at the price. Values up to \$1.50 and even \$2.75 in the three-quarter sleeve styles are now SPECIAL 90c.

Here is a lot of dainty white lawn waists, made of the finer grade materials, most of them this year's models of tucked and embroidery trimmed styles. You will also find some made of the heavier materials such as madras and linen finished cloths. There are also some colored waists in lawn and poplin. There are values among them up to \$2.50. Your choice of any now \$1.50.

Summer Wash Suits now at 25 per cent off

This is the opportunity of the season. You will find some pretty tailored styles and some insertion trimmed suits in blues, pink, blue and white, and pink and white. Also tans, browns, linen shades, lavender, rose, green, mustard and white are the other colors shown. Our whole stock goes on sale, white and colors, cotton and linen; no restriction of your choice. THIS IS HOW IT FIGURES OUT:

\$5.00 Suits now \$3.75 \$9.00 Suits now \$6.75 \$12 Suits now \$9.00
\$6.00 Suits now \$4.50 \$10 Suits now \$7.50 \$14 Suits now \$10.50

Spring Wool Suits now at 30 per cent off

This discount applies to our whole line of spring wool suits in both white and colors, for ladies and misses. They have been going fast during this sale. If you want one, come in and see what we have left. We may have just what you have been wishing for.

\$12.50 Suits at \$ 8.75 \$22.50 Suits at \$15.75
\$15.00 Suits at \$10.50 \$25.00 Suits at \$17.50
\$18.00 Suits at \$12.50 \$27.00 Suits at \$19.25
\$20.00 Suits at \$14.00 \$30.00 Suits at \$21.00

CLEARANCE OF NOTIONS

Ribbon Specials 5c & 10c

Here are two lots of plain taffeta ribbon and some satins, values up to 12½c to be closed out at 5c, and values up to 25c to be closed out at 10c. These are high class ribbons in every respect but color, some of them being a little off color. You certainly get a bargain if you can get the color and shade you like. Come in and see them. CLEARANCE PRICE 5c and 10c.

25c Handkerchiefs 15c

Our regular 25c Ladies' handkerchiefs, in pretty designs of hem-stitched and embroidered, and scalloped and embroidered, slightly mused in the Christmas rush, SPECIAL 15c

Belts at Half Price

We have about 100 different styles in ladies' belts to close out at exactly half price. They come in silk fabric and elastic in fancy colors and patterns, conventional designs, Persian designs, with neat buckles to match. Colors of tans, blues, grays, browns; also some black elastic jet belts in the lot. Values up to \$2.00 to go at HALF THE REGULAR PRICE.

Torchion Laces 5c

25 pieces of fine quality torchion laces, just the weight for underwear, pillow cases, etc., widths up to 2½ inches, values up to 8c, at CLEARANCE PRICE OF 5c

Special Values in Towels

Good sized, medium weight bath towel, fringed, at 4 for 25c.

Fine woven bath towel, soft, full bleached, size 17x34 inches, at special 3 for 25c.

Bleached, medium weight, cotton huck towel, size 17x35 inches at 10c each.

BARGAINS IN SUITINGS

45c Linen Crash 30c

This is an all linen crash suiting, 36 to 38 inches wide, in the heavy weave that has been so much called for this season. It is designed especially for wash suits and skirts. We show a good range of this season's popular shades such as mulberry, wisteria, lavender, old rose, light blue, tan, Copenhagen blue, pink, and mustard. Regular price 45 cents, CLEARANCE PRICE 30c

17c Economy Linens 12½c

This medium weight, linen finish material is similar to the popular Indian Head. It is very suitable for wash suits, wash skirts, boys' suits, etc. Full line of colors in all this season's best shades. Comes 34 inches wide, regularly priced at 17c; and the white at 15c. CLEARANCE PRICE now 12½c

Lawns, Special, 10c

A lot of thin lawns in black and white and colors, selling regularly up to 15c put in one lot at CLEARANCE PRICE OF 10c

20c French Crash 12½c

This is a material especially designed for inexpensive wash suits and skirts. It is a coarse, heavy, rough finished cotton crash, woven in imitation of the heavy linen crash. We are showing this material in pink, light blue, tan, wisteria, rose and lavender. It comes 34 inches wide, and as a regular 20c seller, but for this sale we put it at the CLEARANCE PRICE OF 12½c

25c French Lina 18c

The French Lina is a splendid material, medium weight, and woven in a beautiful, smooth, linen finish. It comes in the best colorings of dark blue, Copenhagen blue, and light blue, pink, tan and lavender. It is 46 inches wide, and sold regularly at 25c. CLEARANCE PRICE NOW 18c

One-piece Suits at Half

All our wool one piece suits go at exactly half price. There are a few left in medium sizes for ladies and a few for misses. Colors of tan, brown, gray, green, blue and rose, at half price. Our silk one piece suits are on sale at 30 per cent discount from regular prices.

A MILE MORE OF RAILWAY

P. E. to Extend Line Down the Sand Spit—Big Job of Dredging on Hand

BALBOA, July 25.—The Pacific Electric Railway Company has the ties on the ground to extend the car line a mile east, down the sand spit. The double track will be extended from Huntington Beach.

The Balboa Island Dredging Company has an eighteen months' contract at the island. At present the dredger is at work filling in a new subdivision, around which a sea wall will be constructed.

L. Ames of London has purchased

property here and will build a home at once.

The Southern Pacific Company is rebuilding the wharf at Newport. The bridge gang has a difficult job pulling out the stub piles below the water.

Palm street is being macadamized from the ocean to the bay.

SKIN AND SCALP TROUBLES YIELD TO ZEMO

A clean liquid preparation for external use. Dean's Drug Store is so confident that ZEMO will rid the skin and scalp of infant or grown person of pimples, blackheads, dandruff, eczema, prickly heat, rashes, hives, ivy poison or any other form of skin or scalp eruption, that they will give your money back if you are not entirely satisfied with the results obtained from the use of ZEMO. The first application will give prompt relief and show an improvement and in every instance where used persistently, will destroy the germ life, leaving the skin in a clean, healthy condition.

Dr. H. M. Robertson, Physician and Surgeon, Office Cor. 3rd and Main, opposite City Hall. Both Phones.

CATARRH

Quickly Cured by a Pleasant Germ-Killing Antiseptic

—This Little Hyomel (pronounced High-o-mel) inhaler is made of hard rubber and can easily be carried in pocket or purse. It will last a lifetime.

Into this inhaler you pour a few drops of magical Hyomel.

This is absorbed by the antiseptic gauze within and now you are ready to breathe it in over the germ infested membrane where it will speedily begin its work of killing catarrh germs. Hyomel is made of Australian eucalyptol combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to cure catarrh, bronchitis, sore throat, croup, coughs and colds or money back. It cleans out a stuffed up head in two minutes. Sold by druggists everywhere and by the Rowley Drug Co. Complete outfit including inhaler and one bottle Hyomel, \$1.00. And remember that extra bottles if afterward needed cost only 50c.

OLD NEWPORT NEWS BUDGET

OLD NEWPORT, July 25.—Miss Mabel McClintock came down from Los Angeles Sunday to visit her parents.

Miss Anna Segerstrom returned from a week's visit in Los Angeles. Chas. Segerstrom left Friday for his home in Tulare.

Mrs. Jas. Harlin of Los Angeles, and Miss Ellen Harlin of Arizona, have been visiting Mr. and Mrs. W. J. Harlin.

Misses Leal and Amytis Tedford, Miss Hattie Collins and Mr. R. R. Coulter spent the week-end with Mr. and Mrs. R. L. Tedford.

Mr. and Mrs. Johnson of Los Angeles, spent Sunday with Mr. and Mrs. J. D. Hunton.

Mr. and Mrs. Ernest Wakeham and son Jack spent Saturday and Sunday in Long Beach.

Friday evening a social and debate were held at the schoolhouse. "Resolved, which is the better equipment for a young man to start out with to make a success in life, money or education?" was the question debated on, Robert Speed and W. R. Hanna taking the affirmative, and Philip McClintock and R. H. Obarr taking the negative. After the debate boxes were sold to raise money to pay for the new lights in the church.

Saturday evening a surprise party was given at the home of S. H. Manderfeld, in honor of Mr. Manderfeld and Al Warren, the occasion being the gentlemen's birthday. Refreshments of sandwiches, cake, coffee and fruit were served.

Mrs. Hill and her daughter, Miss Hill, are visiting at the home of Robert Speed.

POLITICS WARMING UP CONSIDERABLY

A welcome caller at this office yesterday was Edwin A. Meserve, candidate for United States Senator. Mr. Meserve and his son are traveling through the state in their touring car, making a hurried personal campaign.

Winfield Hogaboom was here Saturday to arrange for a meeting in the interest of Phil A. Stanton for governor.

Wm. McBain was a recent visitor to Santa Ana, representing Alden Anderson, candidate for governor. He invited several leading Republicans to meet Mr. Anderson at a future date when he will visit this city and the invitations were generally accepted.

—There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment.

ment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

El Modena, Cal., July 21, 1910. Messrs. J. C. Williams & Son Orange, Cal.

Gentlemen. Referring to my Weber wagon, which I purchased nine years ago, will say that I have given it very hard usage and it is still in good condition. The tires have never been red, although the wagon has stood out in all kinds of weather. I can heartily recommend the Weber to anybody requiring a first class wagon.

Truly yours, WALTER HELWIG.

THE TARIFF AND THE GOVERNORSHIP

The "machine" or "regular" press is working overtime to deceive and mislead the voters in the matter of Hiram Johnson's attitude towards the tariff.

Johnson has repeatedly said in his speeches: I take my Republicanism from such men as Cummins, Dooliver, La Follette and THEODORE ROOSEVELT, and not from a Cannon, a Payne or an Aldrich.

This statement was always made as a part of an arraignment of the "interests" for corrupting and controlling legislation and public business, and never by the most strained construction could it be interpreted as an endorsement of any vote of any congressman or senator for or against any protective tariff measure.

The "regular" papers know this perfectly well. They also know that never has Johnson "lined up" with Cummins, Dooliver and La Follette without at the same time and in the same breath and in the same sentence "lining up" with THEODORE ROOSEVELT. But they never mention Roosevelt's name in this connection. Is that fair?

These "regular" papers know, too, that Senator Dooliver was a member of the committee that framed the Dingley bill which first gave the California orange and lemon growers a fair measure of protection, and he was one of the best friends we had on that committee. But this proof positive of the fact that there is nothing in this claim that "insurgency" and hostility to the orange and lemon tariff go hand in hand is utterly ignored by these "regular" newspapers.

They might just as well argue that Johnson is a "stalwart" on the tariff because he "lines up" with Dooliver as to argue that he is a "free trader" because he "lines up" with Cummins.

Or Johnson might with equal justice charge the "regular" candidates and the "regular" newspapers with being "free traders" because they "line up" with Senator Root, the most regular of all the "regulars," BUT WHO LED THE FIGHT IN THE SENATE AGAINST THE RECENT RAISE IN THE TARIFF ON LEMONS.

The desperate attempts of the "regular" newspapers to misrepresent Johnson and mislead their readers in this matter is not to their credit and will do their cause no good.

THE COW MAN'S BEST FRIEND

The Register regrets to note the decadence of the dairy industry in Orange county. True, we still produce much milk and butter; but at one time dairying in this county was a big and growing industry, while now it is on the wane.

This is to be deplored—and remedied if possible. The Associated Chambers of Commerce might find here useful work to do—in finding out and removing the cause of the decline of dairying.

According to E. K. Salter, secretary of the National Dairy Union, the dairy cow, if able to express herself in a way which the human family would comprehend, might well lay claim to being man's best friend. She might

establish such a claim by calling attention to the fact that from her product and from her carcass man manufacturers more of the necessities of life than from any other similar source. She furnishes these necessities to him from infancy until such a time as temporal things are no longer associated with his existence, and she does it ungrudgingly and constantly.

In addition to contributing to man's necessity and his pleasure, the prosperity of an agricultural community is more closely identified with her than with any other of the domestic animals. The horse is quite essential in tilling the soil, but where necessity requires it the sturdy son of the cow can take his place, as he has done in every agricultural section on earth. The horse can only furnish labor and can only return a profit to his owner when conditions are right for returning satisfactory grain crops. It is a well known fact that the dairy cow is the salvation of the farmer in times of poor crops as she is able to convert the rough crops which are never a total failure, into dairy products which always have a cash value.

In addition to this she furnishes skim milk and butter milk for the calves, pigs and poultry and fertility for the soil, without which a farm becomes less valuable each year and the whole country less prosperous.

The elimination of the dairy cow would necessitate an almost revolutionary readjustment of man's tastes and requirements. It would mean untold suffering and hardship. Of course she will not be dispensed with but her value can perhaps best be appreciated by contemplating such a loss.

She will continue to be man's best friend as long as the human family exists and will keep on supplying him with his greatest needs just as she has done through all the ages.

MOVING PICTURE SHOWS

Fortunately for us Santa Ana's picture show men have no desire to put on objectionable scenes; and it is fortunate for them that they haven't such desire, for they wouldn't be permitted to gratify it in Santa Ana. But this highly satisfactory condition is not general throughout the country, and in St. Louis, an organization of 4000 young people, known as The Christian Endeavor Union, has started a movement for the suppression of demoralizing moving picture shows.

The moving picture business has grown to be a great public feature of the whole country. It has evidently come to stay. It is capable of great good and immense harm. It causes to pass in review scenes of life in the most spectacular and entertaining way. Some scenes are elevating and appeal to the best that is within us. They more than teach—they impress unforgettably on the mind facts that tend to rouse us to our best. True they are, for the most part, but "dumb shows," but far more realistic than any spoken word. The action depicted will haunt the guilty conscience into repentance and reformation, spur the faltering into renewed effort and cheer the despondent and strengthen the weak. They are becoming a great factor in moulding and fixing the thought and purpose of old and young. It goes therefore without saying that they can accomplish harm as well as good. They will do one or the other and it becomes the duty of officials to see that they are so regulated as to do good only.

Let exhibitions of crime, vice and violence be eliminated, but let us have all the harmless fun and nonsense they choose to bring on. We need these things to keep us from taking life too seriously, but we don't need brutality, criminality, nor salacious suggestiveness. These things debase and we don't need debasing.

DELINQUENT NOTICE

Sunset Land & Water Company
—Location of principal place of business, Room 404 Douglas Building, corner Third and Spring streets, Los Angeles, California.

Brownie Cameras (they work like Kodaks) \$1.00 to \$12.00.
We carry everything in kodak supplies.

ROWLEY DRUG CO.

CHANGES IN AREAS NATIONAL FORESTS

WASHINGTON, July 26.—The President signed proclamations effective July 1, 1910, eliminating 65,490 acres from, and adding 9389 acres to, the Sequoia National Forest, California, transferring 175,730 acres from the Sierra National Forest to the Sequoia, and establishing the Kern National Forest by the division of the Sequoia. The areas excluded by the Sequoia proclamation are scattered along the west boundary of the Forest and are lands which, upon a very careful examination made by the Secretary of Agriculture last summer, were found to be not chiefly valuable for National Forest purposes. They comprise areas lying north and east of Squaw Valley, southeast of Aukland, northeast of Lemon Cove, and west of White River.

The additions to the Sequoia are located along the western boundary and consist of scattered tracts which were found to be best adapted to forest uses and watershed protection.

Our Washington Letter

WASHINGTON, July 26.—It has been decided by Secretary of Agriculture Wilson that oysters caught in salt water and then placed in fresh water to mature must be labeled "Floated Oysters" or they will be considered adulterated, under the Pure Food and Drug Act. The new decision was the result of many briefs and reams of evidence submitted since the Food Inspection decision No. 110, on the practice of "floating or drinking oysters in water of less saline content than that in which they were originally caught."

The practice of floating oysters is old. The young oysters are caught in the sea and brought inland, where they are placed in fresh water. The effect of the fresh water is to enhance greatly the size and weight of the oyster, but at the same time it detracts from the succulence of the bivalve. It has been stated by authorities that this process of maturing oysters also makes them more susceptible to decay, but this is denied by oyster growers. It was conclusively proven, however, that oysters shipped to the Pacific coast and other points in the West cannot be taken from the floated product.

The decision warns the oyster grower that particular attention should be paid to the character of the water in which oysters are brought to maturity. Where such waters are polluted it invariably follows that the oysters, well known as scavengers, will partake of this pollution, and subsequent washing in pure water is not likely to cleanse them of impurities.

Some one recently fired a load of buckshot into the face of the portrait bust of General Garrott, and a load of heavier shot against the front of the monument to the Seventeenth and Thirty-first Regiments, Louisiana Infantry, in the National Military Park at Vicksburg, Mississippi. William T. Rigby, the chairman of the Park Commission, offered a reward of \$50 for the conviction of the miscreant.

Rigby will have to pay the money out of his own pocket if the reward is ever claimed, for, in replying to a question from Secretary of War Dickinson, Comptroller of the Treasury Tracewell has decided that there is no authority to pay it out of the appropriation for the maintenance of the park.

Prices of English walnuts produced in this country are not satisfactory to growers and they are figuring on forming an organization to boost returns. In a letter to Senator Smith, of South Carolina, a rancher, living near San Juan Capistrano, California, says there is not enough money in the business, and asks the opinion of the Senator on the question of forming a combine. They do not want to form a trust, he says, but to get some safe form of co-operation that will uplift profits.

It was because he had heard of the prowess of the Southern statesman as one of those who had led the cotton growers out of a state of disaster that the California man appealed to the Senator for advice. Several years ago cotton sold for five cents a pound, which was only another name for starvation. Prominent men, among them Smith, considered the problem and reached the conclusion that the solution lay in organizing the cotton farmers.

The theory was that with co-operation the farmers would be able to contest with the cotton gamblers who manipulated prices. Smith visited every part of the South, rousing the farmers to unite in defense of their interests. They responded, a great organization was formed, the acreage of cotton was reduced and prices began to improve.

ORANGE BUILDING RECORD IS GOOD

Orange News: During the period of six months ending June 30, 1910, building permits to the amount of \$53,200 were issued at the city clerk's office. During the same period of the preceding year the permits issued which were used amounted to \$41,780. This shows an approximate increase of over 25 per cent and speaks well for Orange.

The figures given herewith show the comparison of the several months and in some instances show the figures of the previous year in advance of those of the present year. The grand totals present the real comparison and point to the fact that a great deal of building activity is being manifested. Much more has been promised in case Orange can assure a sewer system and a reasonable amount of paving.

The main areas added lie northwest of Milo and northeast of Duant.

The areas transferred from the Sierra to the Sequoia comprises that portion of the watershed of the South Fork of Kings River, which lies north of the river. The entire watershed of the South Fork of Kings River is thus now within the Sequoia Forest. The area of the reduced Sequoia Forest is approximately 1,261,043 acres, and that of the Sierra approximately 1,759,950 acres.

The new unit to be known as the Kern National Forest has an area of approximately 1,951,191 acres and comprises that portion of the old Sequoia Forest lying east of Kern River and south of the north boundary of Kern county. The headquarters of the new Forest will be located at Bakersfield.

The unappropriated portions of the areas eliminated by this proclamation will be restored to settlement and entry after having been advertised in the local papers by the Secretary of the Interior.

ed in case Orange can assure a sewer system and a reasonable amount of paving.

	1909.	1910.
January	\$ 4,480	\$14,050
February	8,200	5,975
March	12,050	9,700
April	500	4,050
May	8,750	5,800
June	7,800	13,625

Increase of 1910 over the same time in 1909 is \$11,420.

Society

Entertaining Relatives
Mr. and Mrs. Lloyd Marsh of Farmington, Ill., were guests of honor at a dinner given last Sunday at the home of their aunt and uncle, Mr. and Mrs. H. R. Bristol. It was a family dinner, the guests comprising relatives from Los Angeles and Santa Ana.

During the stay of the Marshes, they will be given various automobile trips over the country by their entertainers.

Positions Filled
Monday of this week, the Abstract & Guaranty Co. of Santa Ana, called upon the Orange County Business College of this city for another stenographer, and Miss Nell Kennedy, a student not yet graduated, was recommended by the school and employed.

President J. W. McCormac of the College, states that it is impossible to graduate stenographers fast enough to fill all the calls which he receives monthly for competent help at good salaries.

Mr. Roy Adams, cashier and secretary of the Imperial Water Co., at a salary of \$100 per month, this week visited Orange County Business College, Santa Ana, where he graduated last year with high honors, going immediately to the position he yet holds.

Miss Laura Lacy was sent to a position as stenographer and bookkeeper for the Collins Packing Co. on Monday.

Bridge Whist
Mrs. Alice Harris entertained last evening with bridge whist, only ladies being guests. Four tables were filled and the evening passed delightfully. Mrs. T. E. Stephenson, captured first prize and the consolation went to Miss Stella Preble.

For Mrs. Carlyle
Mrs. H. D. Connell was hostess Saturday evening at bridge whist, two tables of ladies being engaged. The affair was in honor of Mrs. John W. Carlyle, who is spending the summer here owing to the intense heat at Needles, where she and Mr. Carlyle are making their home.

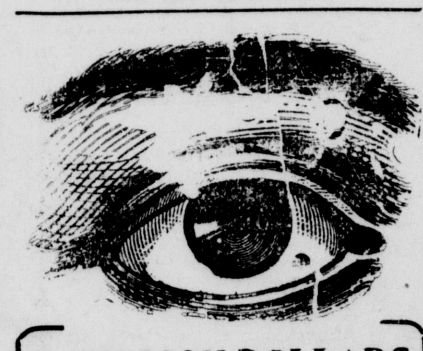

McDonald-Johnson
James E. McDonald and Mrs. Alma Johnson, both of Los Angeles, were married at the clerk's office at 4 o'clock Monday afternoon, by Rev. Chas. H. Secombe, pastor of the First Congregational church.

BAPTIST ASSEMBLY OPENS SECOND WEEK

LONG BEACH, July 26.—The second week of the Baptist assembly shows more interest than was manifested in any previous conventions. New delegates will arrive this week, and the program will be of exceptional interest.

Yesterday's session was in the nature of a double event. Mrs. Anna Murdock led a meeting for boys and girls, with a large number present. She is one of the best known Baptist workers among the young people, and always keeps them interested.

At the same hour, in the main room of the church, Dr. John M. Dean gave the first of a series of missionary addresses on the evangelization of the world. Seven reasons were given for its approach in this generation.

At 11 o'clock Rev. J. W. Conley gave an address on "The City," dealing with its growth, its influence, its tendency and its evangelization. The latter was the most important, he said, because cities are crowded full of the unevangelized, who should be saved if the city is to be.

Dr. Geistweidt made the closing address on "The Work and the Worker." He said the work is God's, but his people have been chosen to do it, a very high and holy calling. This work can be done in a successful way only by slaying everything that is bad.

Following a praise and prayer service on the beach last night, conducted by J. B. Travis, Dr. Dean gave an illustrated lecture, "A Preacher on the Firing Line." He told of some problems which confront the pastor of today, and how they are met.

Mrs. Murdock conducted another boys' and girls' meeting today. Dr. Dean concluded his talk on the "World's Evangelization." Rev. J. W. Conley spoke of work on the frontier and Dr. Geistweidt delivered an address on "Upper Room Experience."

This evening, following a praise and prayer service, an entertainment will be given by the Federation Club male quartette, assisted by Miss Reona Walters in readings.

TOO LATE TO CLASSIFY

WANTED—Young woman to learn proof-reading and type-setting. Exceptionally instructive work. Small wages to begin with. Must be good speller and fairly good at punctuation. Apply at Register office.

FOR SALE—40 2-story bee hives, complete; well nailed and painted. A bargain. \$1.85 each. Phone Black 1379. Geo. J. Brown, Mitchell Ave. Tustin.

IOWANS ARE TO PICNIC ON 13TH OF AUGUST

The annual summer outing of the Iowans of Southern California and their friends will be held at Alamitos Park, Long Beach, Saturday, August 13, 1910. This is a grassy, shady park, covering several blocks and is about one mile east of the pier at Long Beach. We believe this will be a delightful place for the summer outing, as it will give us shade and grass, also be at the beach but away from the noise and confusion of the pier.

Special cars, starting from Sixth and Los Angeles streets, rear of P. E. depot, will run direct to the park without extra charge. Free lemonade and coffee will be served to those wearing the official outing button. Do not buy other buttons or badges. You cannot secure these things free unless you have the official one. It should be understood that this is simply a chance for all Iowans to go to the beach for a day together. There will be no attempt to register as at the winter picnic. Once a year is often enough for that, but as nearly all of us go to the beach one or more times each summer we may as well go on the same day and have a jolly time meeting the old friends. There will be a pleasing program with many short addresses. Among those who will be invited to speak are Senator Dolliver, Bishop Hughes, Robert J. Burdette, Judges Wilbur, Willis, Houser and Bordwell, Mayors Alexander and Early, Major Donnell, Assemblyman Cattell, the former presidents of the Iowa Association and others.

Bring your well-filled lunch baskets with you and generously invite those who have none to eat with you. Bring cups and spoons. The Long Beach band will furnish music during the lunch hour. Please see that your papers have frequent notices of the date and place and also see that the word is passed on to others.

Hereafter the Summer Outing will be held regularly each year on the second Saturday in August. Keep this date in mind and tell all Iowans.

C. H. PARSONS, Sec'y.
Artesia, Cal.

HAYWOOD HARDWARE BUSINESS IS SOLD

A sale was closed yesterday whereby D. A. Dale becomes the owner of the J. S. Haywood hardware store, also the well casing factory which is no small part of the business. Mr. Dale came to Santa Ana about six years ago from Minnesota and has been engaged in ranching up to this time. He will continue the business as it has been conducted in the past.

John S. Haywood is one of the pioneer merchants of Santa Ana, having come here thirty years ago. He has been in business continuously all these years and retires to enjoy a well earned rest.

FUNERAL SERVICES OF MR. T. W. VESTAL

T. W. Vestal was laid to rest yesterday afternoon, at the conclusion of the funeral services held at Smith & Son's parlors, where a large company assembled to pay the last tribute of respect and sympathy. Many beautiful flowers were in evidence from friends here and elsewhere.

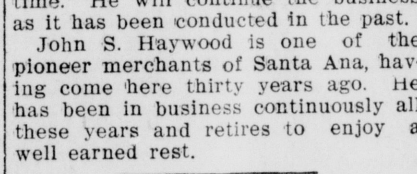

Rev. A. F. Roadhouse officiated at the funeral, and a quartet composed of Rev. and Mrs. Roadhouse, Mrs. Gist and A. C. Gerrard of the Christian church, sang touching hymns, the hymns being "Nearer, My God, to Thee," "Lead Kindly Light," and "Abide With Me." Interment was made in the Santa Ana cemetery.

The pall bearers were Messrs. L. M. Edwards, Frank Stennett, Geo. Peters, J. A. Oederlin, J. C. Joplin, R. A. Patterson.

Among the relatives present, besides the immediate family were Mr. and Mrs. Powers and daughter, of Roland, Cal., Mr. and Mrs. John McKinnon of Long Beach, Mrs. Harry Stoner of San Francisco, W. B. Stine of Los Angeles, and Amos Stine of Artesia.

HAPPY, HAPPY, USE TIZ

A Marvel for Sore Feet. Acts Right off Sore Feet? Never After Using TIZ—

Good-bye sore feet, aching feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses and bunions and raw spots.

You've never tried anything like TIZ before for your feet. It is different from anything ever before sold. It acts at once and makes the feet feel remarkably fresh and sore-proof.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

If you don't find all this true after

trying a box of TIZ, you can get your money right back.

TIZ is for sale at all druggists at 25c per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

Try a Register "Want Ad."

THIS IS FOR EXCHANGE—DON'T FORGET IT

10 acres city limits, good house, barn, water stocked, family fruit. What have you?

Exchange—House and lot on West Fourth, clean double corner. What have you?

Exchange—House and lot North Pasadena, lot 62x181, clean corner, close in. What have you?

Exchange—40 acres in Oklahoma, all clear good land. What have you?

Exchange—A fine large lot in Orange, all clear to trade. What have you?

Exchange—160 acres near Brawley, Imperial Valley, for house and lot in Santa Ana.

Get busy.

EXCHANGE REALTY CO.

214 East Fourth St. Santa Ana.

DIRECTOR OF DRIED FRUIT ASSOCIATION TELLS OF SITUATION

Editor Register:—The apricot growers among your readers will recall the resolution of the Board of Directors of the Orange County Dried Fruit Association, offering for sale at 10 cents per pound, the fruit of those members of the association who wished to sell early. Also this: "The directors believe that the price should soon be advanced to 12 cents." That the directors were justified in their forecast of the price is attested by the fact that local buyers yesterday were offering 10 cents per pound. Fancy and choice lots will be picked up at this price first, less attractive lots will move before the end of the week, and it is probable that the bulk of the fruit will be sold at this price.

Members of the association who wish to sell at 10 cents should now use their opportunity, since it is the intention of the directors, as expressed in the resolution referred to, to advance the price soon. That is, as soon as they may feel certain that all members who so desired, had the opportunity to sell at 10 cents. There are those who will hold for 12 cents and more. The price is likely to touch 15 cents.

While the directors desire the members to use their own best judgment as to holding for higher prices, yet they offer the assistance and backing of the association to those

who decide to hold. When in their discretion a safe limit has been reached in advancing the price, the directors will advise the members still holding of their opinion, and leave it in the hands of such members to exercise their own judgment. The association will, however, give what assistance it can even in that case. The aim is always to work for the good of the members of the association.

The membership yesterday had climbed to 70. It is hoped to make it 100 before long.

J. G. BERNEIKE, M. D., Director.

ALDEN ANDERSON VISITS SANTA ANA

Hon. Alden Anderson, former lieutenant governor of California, and now State Superintendent of Banks, brightened up the Register office today with his genial presence. Mr. Anderson is out in the interests of his gubernatorial campaign.

Tonight at the Merchants & Manufacturers rooms, Mr. Anderson will be the guest of honor at a reception to which the public is cordially invited. This invitation includes both ladies and gentlemen.

Business Removal

\$25 For a Name

WE WANT A NAME

want your co-operation in the selection of a name for the new company to be incorporated about Sept. 1st, 1910 to take over and extend the business of the Home Investment Co. If you

to earn \$25.00 easily read this advertisement carefully and enter the contest. In order that you may compete intelligently you will need to understand the rules of the contest and also have

knowledge of the nature of the business the company will transact, as well as its objects and aims. These are all covered in this advertisement. The

will be selected on Aug. 15th, 1910, by the men who will form the Board of Directors of the new company, viz: E. L. Olmstead, Frank Ey, A. S. Bradford, E. M. Nealley, D. F. Campbell, H. H. Hale and J. E. Kellogg.

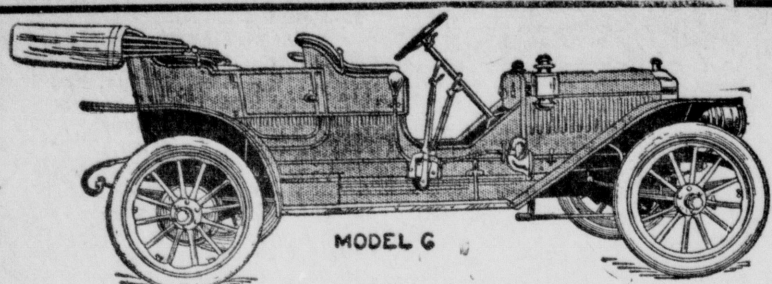

Rules:

- 1st. No employee of the Home Investment Co. nor immediate member of an employee's family will be allowed to compete.
- 2nd. The name selected must be in some measure descriptive of the business to be transacted by the new company.
- 3rd. Address your communication plainly to Prize Contest Dept., Home Investment Co., Anaheim, Cal.
- 4th. Write plainly, give your full address and have your answer in this office by Aug. 10th, 1910.

Information:

The new company will absorb and extend the business of the Home Investment Co. and will operate throughout Orange county. The business will consist of the buying, subdivision and sale of lands, the building of homes and their sale either for cash or on the "just like rent" basis. The plan is the co-operation of small investors in order to secure the benefits of the use of large capital.

NOTE: If you desire further information write to E. L. Olmstead, Box 93, Anaheim, Cal.

Here is Our Great Utility Model

30 H. P. 4-cylinder, Detachable Tonneau. No more convenient and economical car has ever been produced. It is a big car, having the same long wheel base (110 in.) as our big touring car and the same large wheels and tires (34x4 in.). With tonneau detached it is a smart, powerful roadster for two people. When friends are to be entertained it can be transformed in ten minutes into a 4-passenger touring car. Without tonneau there is ample room for carrying trunks, grips, rods, guns, etc., etc.

DESERT SENDS ITS PEOPLE TO COAST

Biggest Exodus for Beaches Ever—20,000 Here From Interior Country

LOS ANGELES, July 26.—Santa Fe officials report that during the present season the traffic from Arizona, Nevada and New Mexico is greater to Los Angeles and vicinity than it has been at any time in the past.

Santa Fe officials estimate that fully 20,000 persons are in Southern California from the country between Reno and Albuquerque, while the main traffic from that district is not expected to begin until August.

The new Parker cut-off has aided greatly in the coastward movement for it is now possible for the Phoenix business man to send his family to the coast and to run over himself for Saturday and Sunday. Leaving Los Angeles on Sunday night it is now possible for him to be back at his desk early Monday morning.

Another movement is felt from the San Joaquin Valley. In the past the people between Bakersfield and Stockton had a tendency to spend their vacations at Monterey and Pacific Grove. This year there is a great tendency manifest to visit Southern California points.

The recent hot weather in the San Joaquin Valley started the vacationists south in large numbers.

TRAPPED 6000 MILES—WIFE DIED ON JOURNEY

LONG BEACH, July 26.—Alonzo Wood, a one-armed painter, who left here in April, 1909, for a pedestrian trip with his wife, has returned after a tramp of 6000 miles. His wife accompanied him, but on the way from British Columbia she was taken ill in San Francisco and died. Wood, on his trip, pulled a small wagon with wooden wheels, in which was stored his provisions and camping outfit. When a wheel wore out Wood would go to a sawmill and have another one made. Traveling a daily average of twenty-five miles, he wore out fourteen pairs of shoes and 117 pairs of socks and replaced his wagon wheels fourteen times.

Summer School a Big Success

—More than twice as many students are daily in attendance at Orange County Business College this summer than last year when a summer school was conducted for the first time in Santa Ana. Everyone said: "It can't be done," but President J. W. McCormac who purchased this local institution last year knew it could be done and did it. All who enter August 1st for a full course will have their scholarship dated Sept. 1, thus giving them August free. Ask for catalogue and special offer today. 117 1/2 East Fourth street, Santa Ana. Red 371.

—If you want to join the C. R. Trickey Rental Club without an advance payment get your application in before August 1, 1910. 75c per month is surely cheap enough. Why hesitate? Phone 430, or leave address at Trickey's grocery.

—Don't buy the old style wooden reach wagon. Get a steel reach Weber. J. C. Williams & Son, Orange.

SOUTHWEST TO BE BIG "HELLO" STATION

"Sunset" System to Expand—Will at Once Open Toll Line to Imperial Valley

LOS ANGELES, July 26.—A campaign of expansion and improvement has been instituted by the Pacific Telephone & Telegraph Company which will play a large part in the development of resources of the great Southwest, a movement every day gaining momentum from some new direction. Superintendent Calvin M. Seeley has just returned from a tour of the Imperial Valley and announced yesterday that his company will immediately begin the construction of an extensive toll system in that district, including a special pole line and heavy copper wires from San Bernardino.

This is but one step in a movement which will cover the Southwest with a network of telephone wires. Arrangements are being made with nearly all of the independent exchanges to furnish long distance service by connecting the local systems of smaller towns. This method of communication greatly facilitates the transaction of business and brings the new agricultural district in close contact with the market.

The new Imperial Valley line will be built from San Bernardino to Imperial Junction, El Centro, Imperial, Holtville, Brawley and Calexico, making connections with every telephone exchange in the valley. The equipment is to be of such a character that it will be possible to talk as plainly with Los Angeles as it is between Pasadena and the city.

—Why buy a cheap wagon when a little more will buy one of those steel reach Webers. J. C. Williams & Son, Orange.

LOS ANGELES PRODUCE MARKET

You may have noticed considerable weakness in the lemonade which you purchased on the last warm day at the beach. Or again your wife may have complained about the size of the lemons she received from her grocer at a cost of 30 cents a dozen. There is no doubt that if you ever use lemons, you have noticed the higher prices of the past few weeks. Yesterday morning on the market the price jumped to the highest it has ever been in Los Angeles, according to several of the dealers. The fruit is bringing 5.00 a box on fancy packed and wrapped stock. The little cheap lemons, the kind that ordinarily sell from 50 to 75 cents a box in their loose state are bringing 2.00 to 2.50. It all comes from the demand which is sending prices high throughout the country sky high. Lemons are paying much better profit at present than oranges, grapefruit or any of the other deciduous fruits. The very best Valencia on the market can be had at a range of from 4.00 to 4.50 and the best grapefruit is selling from 3.00 to 3.25 on seedless and 2.00 on seedling.

Eggs were not in great demand. The price of every grade on the list came down 1 cent. Even eastern dropped that much. Receipts of locals were only 141 cases over Saturday and Sunday. Price on candled was down to 31 cents and few dealers would pay that price. Eastern selects were down to 27 and storage were offered at 25 cents.

Butter receipts were 15,276 pounds. There was a good call for extras and prices were firm, from 1 to 1 1/2 cents over market being called for.

Cheese receipts were 18,664 pounds. Eastern Twins were down to 18 cents, Cheddars down to 20, Longhorns to 19 1/2. Prices were unchanged in other varieties and sales fair.

The market on potatoes was steady. There was a good call for Highlands, which sold as low as 1.40 in town. Receipts of all potatoes coming in totaled 2438 sacks. Onion arrivals were very light, with a good call for any obtainable. Sweet potatoes were down as low as 4 cents a pound and sold up to 6 cents. Arrivals were about 25 sacks of outside stock.

Apple shipments are increasing gradually. Reported arrivals were 1225 sacks. There was a good demand apparent in Gravensteins. Peaches sold from 75 to 85 cents, plums from 65 to 90, nectarines at 1.00 per box.

Sweet corn sold at 40 to 50 cents, tomatoes at 25 to 35, cucumbers at the same figure, eggplant at 6 to 7 cents a pound, and cauliflower at 1.35 per dozen heads.

Raspberries were impossible to get, the supply being limited to not more than a dozen rates. Blackberries sold from 5 to 6, and strawberries from 2 to 3 cents a basket.

NOTICE TO VOTERS

—Under the state law a new registration of voters has to be made every even numbered year.

All voters must register prior to July 27th, 1910, and must have declared the political party with which they intend to affiliate (as provided in Sec. 1366 a, Political Code), who desire to vote at the Primary Election to be held August 16th, 1910.

If you do not so register and so state your party affiliation you cannot vote at this primary election at which all State and County Officers will be nominated.

Registration Clerks in Santa Ana are, George E. Robinson, and at the County Clerk's Office, and in adjacent precincts are as follows:

Name	Precinct

WANTED

WANTED

IS TO SPEAK NEXT FRIDAY

Congressman S. C. Smith Will
Deliver Address at Surgeon's Hall

Congressman S. C. Smith of this district will speak at Surgeon's Hall on Saturday afternoon of this week, at 3 o'clock at which time he will give an accounting of his services at the last session of congress and explain many things connected therewith which will greatly interest all local people. Everybody is invited and our congressman would be especially pleased to have the ladies present.

PRESIDENT HAS ADDED TO FOREST RESERVE AREA

WASHINGTON, July 26.—President Taft has signed proclamations eliminating 65,490 acres from and adding 9389 acres to the Sequoia national forest, California; transferring 175,730 acres from the Sierra national forest to the Sequoia, and establishing the Kern national forest by the division of the Sequoia.

The areas excluded by the Sequoia proclamation are scattered along the

A Mother's Love

wisely directed, will cause her to give to her little ones only the most wholesome and beneficial remedies and only when actually needed, and the well-informed mother uses only the pleasant and gentle laxative remedy—Syrup of Figs and Elixir of Senna—when a laxative is required, as it is wholly free from all objectionable substances. To get its beneficial effects always buy the genuine, manufactured by the California Fig Syrup Co.

THE BUSINESS PHASE OF THE American Woman's League

If you knew that all your life you would receive an equal pro rata share of the earnings of one million dollars of the capital stock of the Lewis Publishing Company, the largest publishing concern in America, and one million dollars of the capital stock of a great banking institution; that, in addition to this you and your children would be entitled to the entire musical, artistic, business, professional and academic courses of a great Academy of Fine Arts and Crafts, a great Musical Conservatory and a great University, and that if in taking any of these correspondence courses under foremost artists, masters and teachers of Europe and America, you or your children show ability or genius, you and they will be entitled to a finishing year of personal attendance under salary sufficient for expenses at the great Art Academy, Conservatory and University where you would come under the personal instruction and guidance of the great masters of world-wide renown; would you think all these life-long advantages worth the little effort necessary to obtain a membership. If so why do you not secure the advantages for yourself or your children before too late? Members of the Founders Chapter receive the income for life from the two million dollar endowment—as the League grows the income increases. There are already 35,000 more applications for reservations than there are vacancies in the Founders Chapter. The local representative has secured a few reservations for Santa Ana for a short time. If you wish to get into the Founders Chapter you must do so by August 1st. After that time it will be impossible to secure a membership in the Founder's Chapter. If interested write a card to

Mrs. W. T. Chapman

1080 West Fifth street, city, or telephone Mrs. C. R. Trickey (Home Phone 430) your name and address.

west boundary of the forest.

The additions to the Sequoia lie northwest of Milo and northeast of Daunt.

The entire watershed of the south fork of King's river is now within the Sequoia forest. The area of the reduced Sequoia forest is approximately 1,261,043 acres, and that of the Sierra approximately 1,759,950 acres. Kern national forest has an area of approximately 1,951,191 acres. The headquarters of the new forest will be located at Bakersfield.

The unappropriated portions of the areas eliminated will be restored to settlement and entry.

CRIPPEN SAID TO BE ON "MONTROSE"

LONDON, July 26.—Scotland Yard detectives this afternoon verified the report that Inspector Dew is aboard the Laurentis, pursuing the liner Montrose on which it is believed Dr. Crippen and Ethel Leneve took passage. Dew's ship will arrive in Canada before the Montrose. Dew will ask the Canadian police to make the arrests if the couple are aboard the Montrose and will demand their return to England.

Scotland Yard officials continued to refuse confirmation of the report that Dr. Crippen and Miss Leneve had been arrested on the Montrose.

Scotland Yard is Mum

LONDON, July 26.—Scotland Yard denies that any official messages have been received telling of the arrest of a man and woman, supposed to be Dr. Crippen and Ethel Le Neve, on the steamer Montrose. Scotland Yard officials declare they lost wireless connection with the Montrose last night.

It is generally believed here that the officials are reluctant to confirm the report of the arrest until they are in a position to make everything public, because of the "panning" they received from the press as the result of the announcement of dozens of worthless clues.

WIRELESS REPORTS THAT CRIPPEN IS CAPTURED

LONDON, July 26.—Dr. Crippen and Miss Ethel Clara Leneve have been caught and identified on the liner Montrose in mid-ocean bound for Canada.

Miss Leneve has confessed to their identity and thrown herself upon the protection of the captain of the vessel. Both she and Dr. Crippen are under arrest.

This announcement was received here last night by wireless and Scotland Yard officials appear satisfied that Dr. Crippen and his girl companion have been captured.

It is said Miss Leneve denied all knowledge of the murder of Belle Elmore and threw herself on the captain's protection.

VIRGINIA MAYOR WAS DYNAMITED

RIDGEWAY, Va., July 26.—Ex-Mayor A. H. Bouseman was killed yesterday by the explosion of a dynamite bomb hurled by an unidentified person. Bouseman was lying in a hammock on the lawn at his home near a clump of bushes where he went to find relief from the terrific heat. Some one hidden in the bushes presumably hurled the bomb. Although his legs and arms were torn completely from his body, with the trunk and head horribly mangled, Bouseman lived for several hours.

Dozens of neighbors who heard the report rushed to the house. The family told them a giant cracker had exploded in order to prevent hysterics among the women present. The sheriff organized a posse of five hundred citizens and scoured the country with bloodhounds for the perpetrators of the crime. The police of nearby cities were notified. The Bouseman family were unable to furnish any clue to the criminal.

—If you want to join the C. R. Trickey Rental Club without an advance payment get your application in before August 1, 1910. 75c per month is surely cheap enough. Why hesitate? Phone 430, or leave address at Trickey's grocery.

TALKS BUT LITTLE BUT TALKS STRONG

Roosevelt Wants to See Ohio
Adopt a Progressive
Platform

NEW YORK, July 26.—When requested to make a statement concerning the outlook of the Republican convention in Ohio, Col. Roosevelt today declared:

"I want to see a progressive platform adopted, that is all."

He refused to make further comment and also refused to talk of the rumor that he privately favors the gubernatorial nomination of Garfield.

WOULD WIN ROOSEVELT'S AID THROUGH SON-IN-LAW

COLUMBUS, July 26.—It was reported on good authority yesterday afternoon that Nicholas Longworth is to be nominated for the governorship of Ohio by the Cox faction. Longworth is the son-in-law of the president. The Cox leaders declared that Roosevelt would probably support his son-in-law, and thus insure Republican victory.

JID WITNESS GANS BET SKELLY HANG?

(Continued from Page One)

the gasoline stove to heat water for Dr. Violet the stove was in a normal condition and generated and lighted in a normal manner.

On cross-examination by Attorney Bishop, Patterson said it was about twenty-five minutes from the time he first arrived at the time he started the fire, after finding the tank off the stove and the screw-cap of the tank on the stove. On the 8th there were burned papers on the edge of the shelves. On the 15th the papers were gone.

Patterson said he did not remember that there are marks of burning on the walls of the kitchen beside the gasoline stove or on the ceiling above the stove.

Bishop asked if it is not a fact that the outside of the pantry door is blistered and the back not blistered.

"I can't say."

"Is it not a fact that the ceiling of the pantry shows marks of burning and is charred?"

"It is not."

"Did I not point that out to you on that day we were there?"

"I don't remember that you did."

"Is it not a fact that a person can stand in that pantry door, reach out and touch the shelves, reach out and touch the stove and reach up and touch the ceiling?"

"I don't know. I never tried it."

"At your store you filled a red can for the Skellys. That can is now missing?"

"It is."

"Do you know who took it away?"

"I do not."

"That broken jar you found on the pantry floor and cleaned up, where did you throw it?"

"Over the fence."

Bishop took from a bundle, glass introduced at the preliminary and a part of the bottom of a jar was shown to the witness. He said it was one of the pieces he found.

The defense then introduced as exhibits the gasoline tank, the screw-cap and the piece of glass.

Bits of burned cloth picked up by Patterson on the ground near the house were shown, but as not proper cross-examination there was no further testimony concerning it.

A collander taken from the wall of the pantry was shown. The utensil was slightly discolored as though by fire. It was put in as an exhibit.

"At the time I picked up the gasoline tank I found it about half full or perhaps a little more," said Patterson.

Gans Awakened

Abraham Gans, born in Holland, of Santa Ana, formerly bookkeeper for the celery association, slept in Skelly's house the night before the burning.

"Mr. Skelly came to my room shortly after daybreak and asked me if I heard a noise or if I made a noise. I don't remember which. I slept upstairs. I got up at 5:30, after hearing screaming in the kitchen. I heard a scuffling of feet as though in a certain direction. On the first scream I thought it was one of the children. Then I heard a loud shriek. I dressed hurriedly and went down, and Mrs. Skelly was on her bed.

"Skelly was about a foot from the bed. I was about three feet from the bed. Skelly was gazing at her. Shamrack, Mrs. Shamrack, Cavanah and others were present."

"What statement did Mrs. Skelly make?" asked District Attorney Davis.

"She said: 'Frank threw gasoline on me. Frank has murdered me. Why didn't you shoot me?' and when the little girl came in she said: 'Oh, Edna, girl!' Skelly said nothing."

Gans went to the kitchen and found fire in the stove. Cavanah told him of the fire in the pantry. Gans threw water on the fire. He helped get a mattress and Mrs. Skelly was moved to the dining room. Mr. and Mrs. Patterson, Mrs. Shamrack, Mrs. Grant, Mrs. Canady and others were present. Skelly was about six feet from Mrs. Skelly. Mrs. Skelly said: 'Oh, Dr. Gordon, please cut my head off. He killed me. He threw gasoline on me.' I heard Skelly say nothing."

Gans Cross-Examined

The cross-examination of Gans began at the opening of the afternoon session, Attorney Bishop asked Gans if he had not made a wager with Frank Ward at the corner of Sycamore and Fourth streets that Skelly would hang. Gans said he remembered Ward making some such proposition but he didn't remember taking it up.

"Were you ever convicted of a felony?" asked Bishop.

"I should say not," replied Gans.

"Are you sure it was that morning that Skelly came to your room?"

"Yes."

Gans said it was five minutes between the time of the first scream and the time of the second scream. The second scream caused him to get up.

"At Westminster on May 15 did you tell Homer Ames and A. W. Rutan that the tank was off that stove?"

"I did not. I told them I didn't know anything about gasoline stoves."

"Everybody was greatly excited that morning?"

"A little excited."

"You mean to tell me that with this woman burned to her death and the house afire, those present were only a little excited?"

"It is true."

Bentley Called

W. H. Bentley was called by District Attorney Davis.

"Did you have any conversation with Frank Skelly on the morning of the burning?"

"I did. Skelly was in his bed. He wanted to get word to his mother. He said to tell her to get a gentle horse."

"Skelly talked to him about business."

"Frank, how did this happen?"

"I asked Skelly and he told me he was in another room and heard her scream and he ran out and she was all afire. Once he asked: 'Is that Ethel moaning?'"

On Sunday morning he went to examine the kitchen and pantry.

"I found the north side of the pantry on the east side partly burned. There was places where the burning left charred spots. These places were above the wide shelf. Beneath this shelf a dark spot spreads over half way."

On cross examination Bishop asked Bentley if he had any bias against Skelly. He said he had none.

"Did you contribute any money to a fund to hire special counsel for the prosecution in this case?" asked Bishop.

"I did not," was the reply.

FIRST JULY RAIN IN LOS ANGELES FOR 11 YEARS

LOS ANGELES, July 26.—A vagrant rain cloud, straying away from one of Mexico's summer storms, passed over Los Angeles early yesterday morning, bringing another July shower. By the record of the rain cups at the weather observatory, four hundredths of an inch of moisture fell, which was enough to break the records of eleven years.

HEN'S PECK MAY CAUSE LOSS OF MAN'S EYE

LONG BEACH, July 26.—R. C. Kellogg may lose one eye as a result of a peculiar accident. He dropped a cuff button into a chicken coop yesterday morning and, stooping to get it, was pecked in the eye by a setting hen he disturbed. Medical attention was sought and the injury pronounced a serious one.

FOREST FIRE GRIPS HILL TOWN OF LIBBY

BUTTE, July 26.—The town of Libby, in the mountains in Northwestern Montana, is surrounded by forest fires, and appeals have been made to forestry headquarters in Missoula for aid. The situation is reported as desperate.

CONGRESSMEN TO BE GUESTS AT BANQUET

Congressmen S. C. Smith and J. C. Needham, who are stopping at East Newport, will be guests at the meeting of the Associated Chambers of Commerce at Huntington Beach tomorrow night. Both these men will speak to the gathering, following the usual banquet given at the monthly meeting of the Associated Chambers.

The Santa Ana Chamber of Commerce was refused its request that the electric car that leaves Balboa at 10 o'clock at night be held at Huntington Beach until 11 o'clock to bring home the Santa Anas who might attend the meeting.

BREAD AND EGGS TO BE SOLD BY WEIGHT

NEW YORK, July 26.—Eggs and bread will be sold only by weight in Greater New York in the near future. This was announced today by Commissioner of Weights and Measures Driscoll. He declares that upon the advice of the corporation counsel he will enforce that rule, perhaps not later than August 1.

Driscoll said he would confer with all bakers and butter and egg dealers at once as to the standard to be established.

There is a penalty of \$100 fine for the refusal of a baker or poulturer to weigh out bread and eggs in the presence of a customer.

CONVICTS MADE PRISON BREAK—ONE WAS KILLED

LEAVENWORTH, Kans., July 26.—While attempting to escape from the Federal prison today, William J. Laughlin was killed by the guards and Chester K. Armstrong was seriously wounded. Despite his wound Armstrong reached the open country and escaped. The guards are searching for him with bloodhounds.

COMMISSION TO PROBE WESTERN RAILWAY RATES

WASHINGTON, July 26.—Forty or more experts of the Interstate Commerce Commission will on August 1 begin an examination of the books of the Hill and Harriman transcontinental and other lines in connection

with the Rocky Mountain rate cases recently decided by the commission.

When the comparative figures are finally presented to the commission, it will decide whether the orders making the reductions are to become operative or whether the results demand their revocations. The railroads have contended that increased cost of operation and of equipment and conditions which do not apply to eastern traffic demand that the existing rates remain in effect.

SAFETY DEVICE FAILED IN DUTY

WASHINGTON, July 26.—The board of inquiry in the investigation of the accident at Fortress Monroe, resulting in the death of eleven coast artillerymen last Thursday, today returned the following findings:

"The explosion was caused by the failure of the safety device to perform its functions. The board was forced to this conclusion notwithstanding the fact that previous testimony from those of long experience gave assurance that the mechanism afforded the protection that was intended."

NORTHWEST TO PLAY IN SOUTHERN CALIFORNIA

PORTLAND, Ore., July 26.—Southern California, the playground of the Northwest! This is the newest move in the development of passenger traffic to the Southland. Plans now being perfected by the passenger department of the Harriman lines in Oregon are expected to take to Southern California next winter hundreds of warmth-seekers from the North western states, the western provinces of Canada and even from Alaska.

This campaign has been carefully designed to divert to Southern California a large body of winter tourists from the Canadian provinces which hitherto has gone to Florida.

CAVALIERI UNDERWENT OPERATION YESTERDAY

PARIS, July 26.—Mrs. Robert Chanler, formerly Mme. Lina Cavalleri, underwent an operation for acute appendicitis yesterday. The surgeons pronounced the operation a success. She rallied and is improving.

Cavalleri, who is famous as an opera singer and as one of the most beautiful women in the world, recently married Chanler, the New York millionaire after a courtship bruited by the press on both sides of the Atlantic.

HARRY C. WYATT IS DEAD AFTER PAINFUL ILLNESS

LOS ANGELES, July 26.—Harry C. Wyatt, manager of the Mason Theater, died yesterday morning at his residence, 1742 West Sixth street.

Mr. Wyatt had been ill several weeks; a few days ago his condition became serious, and his physicians diagnosed his illness as diabetes.

Mr. Wyatt leaves a wife in New York, a son, W. T. Wyatt, of this city, who has assisted him in the management of the Mason, and a daughter, Mrs. Eva Salmon, of Virginia.

The funeral will take place tomorrow afternoon at 2 o'clock at the family residence.

You can buy it cheaper in Santa Ana.
